

Today's Trends and Tomorrow's Insights in Talent Development **Highlights from ATD International Conference & Exposition (ICE)**

Thursday, June 14, 2017 5:30 PM - 7:30 PM

Location: Bohannon Huston (7500 Jefferson St. NE | Albuquerque NM, 87109; NE corner of Jefferson and Masthead)

Program Description The 2018 ATD International Conference took place May 6-9 in San Diego, California. For those of you who will not be to attend, as well as for those who will attend, you will want to come to our June 14 program event to learn more or share what you learned from ICE! And, hear about the keynote session with President Barack Obama!

ATDNM's Board Members will start the evening with a short overview of highlights, trends, and insights from ICE. Then, you will be able to join two group discussions based on the top content tracks from ICE - highlighting new trends and best practices. At the end of the evening, we will have a Liberating Structures debriefing activity so that each attendee can share what they learned with others.

Conference Top Content Tracks:

Leadership – This group will discuss trends and topics influencing a community of leaders developing talent, managing change, and building a strong global workforce.

Science of Learning – This group will discuss trends and topics influencing a collective of professionals interested in understanding the mechanics behind how individuals take in information, form connections and ideas, and exercise new behaviors on the job to improve performance.

Learning Technologies – This group will discuss trends and topics influencing a community of forward-thinking professionals using technology and learning to develop the future workforce.

Learning Measurement & Analytics – This group will discuss implementing learning analysis process models and systems in order to measure talent development intervention, program effectiveness and organizational outcomes.
